

## **Babinski Law, PLLC Legal Research Assistant**

### **About the Office:**

At Babinski Law, we are committed to making sure everyone's voice is heard. We believe that every individual is worthy of respect and capable of success, they just need the right support and opportunities.

For juveniles and adults, Babinski Law provides high quality criminal defense and family law representation, both privately and through court appointments. Babinski Law also accepts court appointed cases appealing termination of parental rights. We make sure the client knows they are an individual, not just another case number. We are all human – we all have histories, we all make mistakes, we all have hopes and dreams, and we all matter to someone. Going to court, whether for a criminal, delinquency, divorce, or custody matter, is a frightening and overwhelming experience. Knowing this, we are dedicated to making our clients feel respected and supported, while telling the client's unique story to the court and obtaining the best possible outcome.

For head-start, preschool, and K-12 students, founder and principal Jacquelyn Babinski specializes in education advocacy and representation. Using her experience as a juvenile probation officer and non-attorney advocate, Jacquelyn fights to ensure schools are meeting their legal obligations and providing each child the resources and support that empowers them to become successful adult.
